Experience

EcFile Solutions Pvt. Ltd., Chennai

Backend Developer (Internship + Full Time)

Jun 2023 - Apr 2025

- Developed and maintained RESTful APIs ensuring secure and scalable backend communication
- Designed and optimized relational database structures to improve data retrieval and system efficiency
- Integrated robust backend features into product development for seamless functionality
- Implemented emerging technologies and best practices to elevate code quality and product performance

Projects

Goal Setter App | *JavaScript, React, Redux, Git, Node.js, Express.js, MongoDB, RESTful APIs, HTML5, CSS3, Responsive Web Design*

- 🚀 **Deployed Link** : <https://mern-goalsetterapp.netlify.app/login>
- 📁 **Github Repo** : <http://github.com/Thiru63/Goal-Setter-App>
- Developed an online Todo Goal Setter application with secure user registration, authentication, and CRUD functionality for todo goals.
- Designed and implemented a responsive front-end user interface using React, Redux, JavaScript, HTML5, and CSS3.
- Managed user profiles, goal creation, updates, and deletions while ensuring proper input validation and exception handling.
- Built RESTful APIs with Node.js, Express.js, and MongoDB to support seamless data management and backend operations.
- Maintained the project repository using Git for version control and collaborative development.

Movies App | *JavaScript, React, Redux, Git, HTML5, CSS3, Responsive Web Design*

- 🚀 **Deployed Link** : <https://reactredux-movieapp.netlify.app/>
- 📁 **Github Repo** : <http://github.com/Thiru63/Movies-App>
- Developed a Movies App that allows users to browse and search for movies using a user-friendly interface.
- Implemented search functionality to enable users to find movies by name efficiently.
- Built the application using JavaScript, React, and Redux for robust state management.
- Utilized HTML5 and CSS3 to create a responsive and visually appealing design.
- Managed version control and project collaboration with Git.

Skills

Technical Skills: Data Structures and Algorithms, Java, CSS3, HTML5, MongoDB, Express.js, Node.js, Git, Redux, React

Soft Skills: Attention to Detail, Adaptability, Time Management, Problem Solving
